RE: Olin Corporation, North Little Rock, Arkansas

Dear Mr. Boothe:

This is to advise that a tentative date of March 2, 1983 has been scheduled for an on-site visit to Olin Corporation's facility in North Little Rock. Those people visiting the site will include David Price, EPA, Region VI, Mark Witherspoon, ADPC&E, and myself. The time of the visit has not been established. However, it is anticipated that the on-site inspection will be conducted sometime around 1:00 p.m.

Should you have any questions regarding this matter or if you should have a conflict in your schedule, please advise immediately. If I do not hear from you to the contrary by February 21, 1983, I will presume that you will be available on March 2, 1983 to accompany us to the site.
